Volume 9 Number 11

Arden E. Hardgrove

The New Assistant Secretary
of the
American Hospital Association

THE BOARD OF TRUSTEES OF THE ASSOCIATION, in their meetings at St. Louis, selected the Executive Secretary of the Association, Dr. Bert W. Caldwell, as Managing Editor of the new Publication, "American Hospitals," and selected as the assistant to the Executive Secretary, Mr. Arden E. Hardgrove, superintendent of the City Hospital of Akron, Ohio.

Mr. Hardgrove, "Arden" as he is familiarly known in the hospital field, is one of our best known hospital administrators. Since 1922 he has been secretary and general superintendent of the City Hospital of Akron. He is a graduate of the University of Akron of 1911, and he was appointed almost immediately after as the City Chemist and Director of the Bureau of City Tests for his native city; he was Assistant Professor of Chemistry and Instructor in Bacteriology at the University of Akron from 1914 to 1922; he has been President of the Ohio Hospital Association and Executive Secretary of the Ohio Hospital Association from 1933 to 1935.

Mr. Hardgrove is actively interested in civic affairs, having been Secretary and President of the Akron Kiwanis Club and Lieutenant Governor of the Kiwanis Clubs of Ohio. He is a member of the Phi Delta Theta Fraternity, a member of the Torch Club, Akron City Club, Akron Liedertafel, and the Madison Golf and Country Club.

He has been actively interested in the development of sound hospital administrative policies; he is thoroughly familiar with hospital organization, and with the work of the state hospital associations; he is a Fellow of the American College of Hospital Administrators; he has been an active member of the Legislative and State Relations Committee of the Ohio Hospital Association, and largely through his efforts the hospitals of Ohio have secured a great deal of favorable legislation and assisted in the defeat of legislation detrimental to Ohio institutions. During his term as Executive Secretary the Ohio Hospital Association established a central office in Columbus, with a full-time assistant secretary, and changed the basis of membership in the State Association from personal to institutional membership.

Mr. Hardgrove brings to the American Hospital Association all the qualifications that have made him so succcessful in his chosen field. Energetic, enthusiastic in the development of sound policies, he is conservative and constructive in all his methods. His lovable personality has attracted to him a host of friends, both in and out of the hospital field, while his accomplishments for and in the interest of the hospitals have won the respect and confidence of hospital people all over the continent.

With the addition of Mr. Hardgrove to the administrative staff of the Association, the Board of Trustees will be enabled to develop many of the progressive policies which it has long had in contemplation. He will contact the field, attend the meetings of the state and regional associations, and will be available for participation in the programs of these associations. He is a valuable asset to the administrative staff of the American Hospital Association.

"Notification of Error in Hospital Accounting and Statistics"

On page 59, the note following the definition of "patient-day" should read as follows:

Note: The number of patient-days for any one day is calculated as follows: To the *midnight census at beginning of day* add one patient-day for each admission and deduct one patient-day for each discharge during the day; to this total add one patient-day for each patient who has been both admitted and discharged during the day.

An alternative formula which gives exactly the same result for any given day is the following:

To the *midnight census at the end of the day* add one patient-day for each patient who has been both admitted and discharged since the previous census.

VOL. 9. THE BULLETIN OF THE AMERICAN HOSPITAL ASSOCIATION No. 11
Editor, BERT W. CALDWELL, M.D., *Executive Secretary.*
Executive, Editorial, and Business Offices, AMERICAN HOSPITAL ASSOCIATION, 18 East Division St., Chicago, Ill.

AMERICAN HOSPITALS

The Official Magazine of the American Hospital Association

Initial Number

The first issue of *AMERICAN HOSPITALS* will leave the press January 1, 1936. This magazine will be a monthly publication issued on the first of each month thereafter.

Editorial Policy

The policy of this publication will be to create and maintain a forum for the expression and publication of the best and most constructive thought of the hospital field. Its editorial pages will be open to everyone concerned in the management and operation of our hospitals, of whatever size or wherever located.

Our Readers

Our magazine will have an initial paid-up list of subscribers to the number of 4,375, which will steadily increase as our publication develops. It will reach 3,210 hospitals each month, distributed throughout the United States and Canada. In the neighborhood of 125 copies will go to hospitals outside of these two countries.

It's Place as an Advertising Medium

AMERICAN HOSPITALS will take front rank as an important publication carrying the advertising of hospital supplies and equipment to the hospital field. Its distribution of advertising information will contact the leading hospitals and hospital administrators on this continent. It will reach directly that large group of hospitals which in 1934 admitted 68 per cent of all patients cared for in all of the hospitals in the United States.
